

CareerWise New York Stakeholder Update

Date: June 26, 2020

Edition #12

Today marks the last day of school for NYC public schools--congratulations to the class of 2020! While the state begins to settle into phase two of its reopening, we tiptoe into July bracing ourselves for what is to come next. HERE to HERE's Career Wise New York Team and many of our employer partners face challenges in how to safely reopen our offices. An even bigger challenge is planning an unforeseeable future with COVID-19 still affecting so many Americans. These past months have been a rough transition but we should all remind ourselves of how we adjusted and all we have accomplished during these difficult times. Thank you all for your resilience, let us continue to collaborate, plan and execute.

Fall 2019 Cohort 1 Updates

- Starting this month, CareerWise New York is highlighting our apprentices and their apprenticeship experiences on [LinkedIn](#). Keilys Nunez, Project Coordinator at Accenture and student at Academy of Innovative Technology, shared a little about her apprenticeship experience for the launch of this series. If you would like to nominate an apprentice to be featured, please contact mpalomo@heretohere.org.
- Chancellor Carranza released information regarding virtual summer school 2020. Please read this [page](#) from the Chancellor for more details.
- The [ENG 100.5 course](#) at BMCC is fully subscribed with 17 students currently registered.
- We are also starting registration for Cohort 1 students for the Fall CED 315 course. [This course is the first course that will give credit for the apprenticeship work component. Please encourage your student apprentices to register!](#)

Fall 2020 Cohort 2 Updates

2020 Bootcamp

In preparation for 2020 Bootcamp, the CareerWise New York team is reminding our school partners to inform us of which students will be required to attend summer school. Additionally, we are encouraging educators to begin gathering I9 documentation and working papers, submit all onboarding paperwork, and complete the [CareerWise New York tech survey](#).

Our community college partners at BMCC will issue two credits for Bootcamp! Bootcamp has been lengthened to 90 hours over 6 weeks to incorporate feedback we received from employers in the fall. Finally, Bootcamp will be delivered with our partners at Year Up/Grads of Life and will be completely virtual. We're very excited!!

The **CareerWise New York Apprenticeship Agreement 2.0** is being finalized and proposes a \$600 summer stipend to apprentices throughout the duration of Bootcamp. The agreement will be sent to students and parents via e-signing service and will contain important information about student schedule, Bootcamp expectations, and **media release forms that need to be submitted before July 7th**. Upon request, our school partners may receive a copy of the signed agreement.

- Any apprentice starting in the fall must attend Apprenticeship Bootcamp, which will begin on July 7th and end on August 21st.
- Due to COVID-19, many companies are expected to have a staggered return to office and are still determining office-wide reopening schedules. New apprentices should expect to start anywhere between October 2020 and early (Jan-Feb) 2021.
- We currently stand at **304** students approved to apply to apprenticeships; of those, **252** students have collectively submitted **997** applications.

Resources

CareerWise New York Website: All of the weekly updates can be found on the [CareerWise New York website](#). Check here for apprenticeship-specific information including special messages and FAQs for our [apprentices](#), [employers](#), and [school partners](#). Please visit the [HERE to HERE](#) website for more expansive information about community resources and response.
