

CareerWise New York Stakeholder Update

Date: June 5, 2020

Edition #11

The CareerWise NY team has decided to lessen the frequency of these updates to twice monthly to save your inboxes and acknowledge that the initial flurry of activity that required regular updates due to COVID-19 has lessened. The next update will be sent on or about June 15.

We also want to acknowledge, and in solidarity support, the recent peaceful protests that have elevated the urgency of our work, which lays the foundation for a more equitable society. We are heartbroken and outraged by the acts of racism against the Black community. As we protest, pledge donations, and help pave the way for a new future, it has become abundantly clear how far we have to go.

This week, we met with current apprentices to check-in during this difficult time. Our team will continue to stay connected and provide support as needed. Please stay in contact with us, provide updates, and share needs as they arise for your apprentices and company supervisors.

In partnership,
The CareerWise New York Team
